Summary

Motivated Computer Science Engineering undergraduate with hands-on experience in Full-Stack Web Development (MERN) and Machine Learning integration. Proven ability to build scalable web applications, collaborate in hackathons like Smart India Hackathon 2024, and lead technical and social initiatives with strong problem-solving capabilities.

Technical Skills

Languages	:	Python, JavaScript, C, C++, Java
Web & Mobile	:	React.js, Node.js, Express.js, HTML5, CSS3, Tailwind CSS, Android Development
Databases	:	MongoDB, MySQL
Tools & Platforms	:	Git, GitHub, Android Studio, VS Code, Vercel
Core Concepts	:	Data Structures & Algorithms, OOP, DBMS, REST APIs

Projects

DevSpotlight – Student Developer Portfolio Platform *MERN, JWT, Tailwind, REST APIs*

- Developed a platform for students to create developer profiles and showcase projects with descriptions, technologies, GitHub repositories, and live demo links.
- Implemented technology/category-based project discovery, likes, comments, and collaboration requests.
- Secured platform functionality using JWT and bcrypt authentication with robust REST APIs and Mongoose.

EduVerse – AI Career Prediction System [In Progress] *Python, ML, NLP, Docker*

- Architecting a 10-stage ML pipeline building a student's "digital twin" to predict placement readiness and pinpoint skill gaps using Random Forest and XGBoost.
- Building an NLP assistant and role-based dashboards with core ML modules in progress, targeting Docker deployment.

E-commerce Home Appliances Shop *XML, Java, Android Studio, SQLite*

- Developed an Android application for browsing home appliances with product details and add-to-cart functionality using RecyclerView, Activities, Intents, and SQLite.

Internship

Student Coordinator – Rural/Social Internship Jan 2024
D. Y. Patil College of Engineering & Technology *Halsawade Village, Kolhapur*

- Coordinated a team of 18 students for a 10-day rural internship and led interactions with Gram Panchayat officials.
- Conducted survey of 250+ households, identified key village problems (bus stand & open drainage), and presented solutions to local authorities.

Leadership & Activities

Professional Development Committee Member 2025 – 2026
Rotaract Club of DYP Sunshine *D. Y. Patil College of Engineering & Technology*

- Actively contributing to professional development initiatives and club activities as a committee member.

Participant 2024
Smart India Hackathon 2024

- Participated in Smart India Hackathon 2024, building an Agriculture E-Commerce Platform for farmers in a competitive national-level environment.

Education

D. Y. Patil College of Engineering & Technology, Kolhapur 2023 – 2027
B.E. - Computer Science & Engineering

Chate School & Junior College Of Science, Shahupuri, Kolhapur 2023
HSC, Class 12th

Chhatrapati Shahu Vidyalaya, Kolhapur 2021
SSC, Class X
